## **Academic Achievements:**

*"Education is the most powerful weapon which you can use to save the world." – Nelson Mandela*

We are privileged to be the educators who can create the change makers of this world. We at NSIT believe that education is not just completing the syllabus and getting a good pass percentage.

Rather we also strive to create engineers who are industry ready with an ethically balanced foundation. So, our students are given an education beyond classrooms in various methods like live projects, Industrial visits, Internships, workshops, Guest lectures, Technical and Non technical student centric clubs and competitions etc.

I am proud to say that, we as a young institution we have 25 University Ranks. Our students have given a good overall pass percentage of 60% and also I am proud to declare that we are in the best place in state and first in the region i.e. Salem, Dharmapuri, Krishnagiri, Namakkal and Erode out off 200 Engineering Colleges.
