## ACADEMIC ACHIEVEMENTS

"Education is the most powerful weapon which you can use to save the world." – Nelson Mandela

We are privileged to be the educators who can create the change makers of this world. We at NSIT believe that education is not just completing the syllabus and getting a good pass percentage.

Rather we also strive to create engineers who are industry ready with an ethically balanced foundation. So, our students are given an education beyond classrooms in various methods like live projects, Industrial visits, Internships, workshops, Guest lectures, Technical and Non technical student centric clubs and competitions etc.

I am proud to say that, we as a young institution we have 25 University Ranks. Our students have given a good overall pass percentage of 100% and also I am proud to declare that we are in the best place in state and first in the region i.e. Salem, Dharmapuri, Krishnagiri, Namakkal and Erode out off 13 districts Engineering Colleges.

**THIRU R.P.SARATHY**

*Founder*

**Narasu's Sarathy Institute of Technology**

"There is no exercise better for the heart than reaching down and lifting people up"

Founder of Smt. Mahalakshmi Ammal Educational Trust and Narasu's Sarathy Institute of Technology.

His hard work and honesty received its due recognition when he was awarded the highest and most honest tax payer award – Rashtriya Samman by the Income Tax Department for 5 consequent years.

He believed that education is the only way to develop a society. So he contributed to various schools and colleges.

He was the Founder President for Sri Vidya Mandir Schools and introduced the CBSE system of educa- tion to Salem. In 2010 when Vidya Mandir Trust laid its foundation for an Arts College he was requested to be the Chairman and the college is successfully functioning at present. He was also the Founder Chairman of Vysya Group of Institution and remained in that post till his demise. At the age of 75, he retired from all businesses and after deep thought decided that he had to dedicate his time solely for educational activities and hence chose to start an engineering college. His vision was to provide quality technical education to the deserving students and create employable engineers who are technically competent and ethically strong. Sri "Narasu's R.P. Sarathy passed away on 4th January 2019.

Appreciation and recognition are powerful motivators leading to an increase in performance, productivity, morale, employee retention and overall satisfaction.

A rapidly changing technological environment

- ❖ "It is very important that engineering aspirants develop varied skills while studying any topic, and thus we ensure learning at NSIT goes beyond the textbook learning and find ways to apply the knowledge learnt in the world around us", Our curriculum is framed by leading academicians and is designed in such a way that the student gets a chance to go beyond just memorizing the subject". Through a brief conversation with the Chairman, we learnt that NSIT believes that it is their duty as educationalists and teachers to help students think outperform on a daily basis by using the above skills as their vantage points.

## FACULTY AS RESOURCE PERSONS

Our Professors are expected contribute to a broad range of community affairs through participating in and providing leadfership, particularly in areas related to the discipline and in liaison with professional, commercial and industrial bodies where appropriate.

Our Professors normally demonstrates an outstanding personal contribution and commitment to high quality teaching and learning through: the conduct of tutorials, practical classes, demonstrations, workshops, student field excursions, clinical sessions and/ or studio sessions and the preparation and delivery of lectures and seminars at all levels.

- ❖ Dr.V.Munusami, Principal, NSIT, delivered a presentation in the webinar entitled "Scope and prospects of Mechincal Engineering" on 18.6.2021 organized by Institution of Engineers (India), Salem Local Centre.
- ❖ Mr.M.DineshKumar, AP/EEE delivered a presentation in the webinar entitled "Innovation and Enterpreneurship prospects in Electrical Engineering" on 29.01.2022 organized by Idhaya Engineering College, Chinna salem.

## RESEARCH & DEVELOPMENT

Students also form relationships with community members when working on projects, gaining insight for careers and beyond. Students learn how to solve problems that are important to them, including real community issues, more effectively—even learning from failure and possibly starting over.Students apply creative thinking skills to innovate new product designs and possibilities for projects. The following our student projecrs were selected as best student project by TNSCST

- ❖ "Technical Analysis of Accidents on NH-44 in Hilly Terrain (ThoppurGhat): Causes and Remedies" guided by Mr.P.Govintharaj, AP/CIVIL
- ❖ "Deduction and Controlling of Wildfire using Unmanned Aerial Vehicle and providing Handheld Extinguisher" guided by Mr.I.Anbumuthu, AP/CSE
- ❖ "Using Drone to Recognize Face & Movement" guided by Mr.S.Govindasamy, AP//EEE

## FACULTY DEVELOPMENT PROGRAMME

FDPs are enhance the teaching and other skills of the faculty. And to make them aware about modern teaching tools and methodologies. It provides an opportunity to acquire knowledge about current technological developments in relevant fields. It will not only promote the professional practices relevant to technical education but also motivates the faculty to achieve competitive teaching and learning environment, thus channelizing development with respect to academic qualifications and personal matters.

IQAC organized One day Faculty Development Programme entitled **"Outcome Based Education & Bloom's Taxanomy"**on 29.01.2022 by Mrs.S.M.C.Subashini, AP/CSE, Mr.C.Srinivasan, AP/EEE & Mr.M.Prakash kumar, AP/CSE, NSIT.

IQAC organized One day Faculty Development Programme entitled **"Common Uses of Tenses"** on 31.01.2022 byMrs.G.Jayasudha, AP/English, NSIT.

IQAC organized One day Hands-on Training programme on **"Microsoft Excel"** on 02.02.2022 by Mr.M.Prakash Kumar, AP/CSE & Mrs.S.Jayapriya, AP/CSE, NSIT.

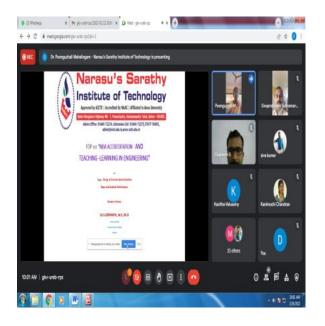

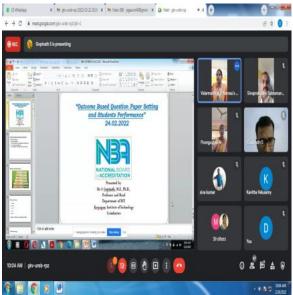

Department of ECE & IQAC jontly organized Five days Faculty Development Programme entitled "**NBA Accrediatation & Teaching Learning in Engineering**" from 21.02.22 to 25.02.22 the resource persons are

1.Dr.C.Ramkumar, Prof.BME, Dr.NGPIT, CBE,

2.Dr.C.Maheswari, Prof.Mech, KEC, Erode.

3.Dr.D.V.SaiSreesha, Dean,VEMIT, Andhra.

4.Dr.S.Gopinath, Prof.ECE, Karpagam Inst Tech, CBE.

5.Dr.J.Senthilkumar, Prof.IT, Sona College of Tech, Salem.
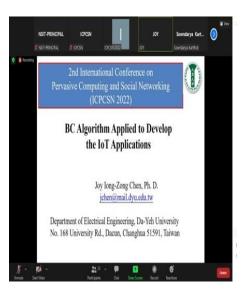

The role of a conference is to gather like-minded individuals from across the country or across the globe, to learn, discuss thoughts, network, share ideas, create new ideas, and to ignite motivation. The benefits of attending a conference are different for everyone.

By attending a conference, individuals are expanding their professional and personal development, and are provided with insightful information that could be taught internally from within the organization or online. Students and professionals looking for upskilling in their industrial endeavors must always bag ways to make the most out of an opportunity on a platter. Especially when it's about acquiring knowledge and technical know-how. It's inquisitive to stumble upon a modish path to propel on and conferences are definitely an emerging source of knowledge and conditioning, bridging millennials and industry experts on the go.

- ❖ NSIT organized 2**nd** **International Conference on Pervasive Computing & Social Networking (ICPCSN 2022)** in collaboration with Springer on **03.03.2022 & 04.03.2022** through virtual mode.

- ❖ NSIT organized **International Conference on Applied Artificial Intelligence and Computing (ICAAIC 2022)** in collaboration with IEEE on **09.05.2022 & 10.05.2022** through virtual mode. Dr. N. ## **AICTEMARGDHARSHAN**

Recently, the Union Human Resource Development Minister has launched several initiatives of the All India Council for Technical Education (AICTE) in order to improve the technical education in India.

**Margadarshan:** Under this scheme,

- Institutions having good accreditation records or the top-performing institutions are selected to **mentor relatively newer** 10 to 12 potential institutions.

- Best teaching and learning practices followed in the mentor institute will be simulated in the identified mentee institutions.

- The mentee institutions will also be provided with funding up to Rs. 50 lakhs (per institution) over a period of **three years** (in instalments), for carrying out various activities like training, workshops, conferences, etc.

## 100% STUDENTS ATTENDANCE

Attendance plays a key role in a student's life; and why not reward the students who attend the College regularly without taking a single leave!!! This was only possible with the student and their parents together making this happen. The sense of discipline and the responsibility the child understands is through their parents and hence the students deserve the credit.

About 103 students have secured 100% Attendance for this academic year 2021-2022

Civil -  03 ,CSE -  49 , ECE - 20, EEE - 12  , Mech 09 and IT - 10

## PLACED STUDENT DETAILS

The Placement Cell plays a crucial role in locating job opportunities for Under Graduates and Post Graduates passing out from the college by keeping in touch with reputed firms and industrial establishments. The Placement Cell operates round the year to facilitate contacts between companies and graduates under the head of Placement Director Mr.Mohan Kumar. The number of students placed through the campus interviews is continuously rising. On invitation, many reputed industries visit the institute to conduct interviews.

From a student perspective, high quality placements can bring a range of benefits and positive impacts. For a student, placements and training are extremely valuable as it helps them to enhance or learn industry centric skills beneficial for their future career growth. Best training and placement practices at a private university help students to alleviate barriers to employment for graduates and encourage them to grab all possible opportunities.

We have been successful in maintaining our high placement statistics over the years and the fact that our students bear the recession blues with record breaking placements itself is a testimony to our quality. Our ingenious alumnae have set new standards in the corporate world through their estimable contributions and it is my firm conviction that we will continue that legacy in the years to come.

The Placement Cell organizes career guidance programmes for all the students starting from first year. The cell arranges training programmes like Mock Interviews, Group Discussions, Communication Skills Workshop etc and it also organizes Public Sector Exam Training for students who are interested to join Government Sectors. It also invites HR Managers from different industries to conduct training programmes for all the year students.

**SPORTS DAY:**

The students who are very much engaged in sports activities have a bonding capability. Here, they have to work as a team, which teaches them how to enhance a social relationship- which is also an important parameter of life.

A sport teaches students to be emotionally strong. Most of the students often have to deal with some of the other emotional issues in their life, either at home or in school.

The skill they develop through sports helps them to accept all defeats as well as wins. Hence, students who are involved in games and sports are in a much better position to deal with tough situations.

Skills like teamwork, leadership, patience, discipline, learning from failure, Sportsmanship, etc., are developed only when children play sports regularly, and these skills are equally important when it comes to studies and management.
