16thANNUAL REPORT 2023-2024

Chief Guest Mr.Udya Shankar, NASSCOM, Chairman. Mr.B.Nitish Harihar, Respected Pro Chairman.Mrs. Aishwarya Nitish, Respected Vice Chairman & Secretary. Mr. G. Prabakaran, Trustees, Dignified guests, Heads of various Departments, ,Parents, Staff, Students, members of the press and other invitees a very good morning to all. I feel much privileged to stand before you on this happiest occasion to present the Annual Report of the year 2023 - 2024.

We at RPSIT as a team, strive to educate the deserving students towards excellence with ethics. This year we have achieved our own goals in various areas like Academics, Research & Development, Co.curricular, extra – curricular, CSR activities and Placements.

OUR VISION

The college aims to impart quality education combined with ethical values, the two qualities that are in congruence with the nation's development. The vision of the college is to produce engineers who think 'out of the box' and can act as a cohesive link between the administrative and executive machinery of the country.

OUR MISSION

Our mission, as an institution, is to impart value based education to students from both the rural and urban areas and to train them into technically competent, ethically strong and quality professionals in order to meet the challenges of the rapidly changing technological environment.

QUALITY POLICY

We at R P Sarathy Institute of Technology will strive to inculcate sound technical knowledge by providing quality education and training in engineering and technology in a congenial and disciplined environment. We are committed to develop skills, knowledge and the right attitude among the students to meet the expectations of the industries, parents and society with continual improvement through dedicated teamwork. A good feedback mechanism is formed by means of continuous assessment program which ensures the quality of our academic system.

ACADEMIC PROGRAMMES:

Founded in 2008 by Smt. Mahalakshmi Educational Trust, R P Sarathy Institute of Technology (formerly known as Narasu's Sarathy Institute of Technology) represents a rich tradition of excellence in technology-based education. A premier-league institution among the affiliates of Anna University, R P Sarathy Institute of Technology owes its vision to Late. Sri. R P Sarathy, an entrepreneur, educationalist and philanthropist.

R P Sarathy Institute of Technology, in its 16 years of existence, is a reputed institution in the State of Tamilnadu. The college in its pursuit for quality in technical education has earned 40th ranking in the State (source: Times of India).

The college offers Six UG Programmes (B.E- CSE, ECE, EEE, Mechanical & B.Tech- IT, AI&DS) with total sanctioned intake of 360 , two PG programmes [ME (VLSI Design); ME (CSE)] with total sanctioned intake of 24 and a New Programme B.E., CSE (Cyber Security) is going to introduce from the Academic Year 2024-25.

Located on the Salem-Bangalore Highway, R P Sarathy Institute of Technology presents a picturesque view flanked by the glorious Yercaud. Situated over a sprawling 22.5 acres campus with lush lawns, a beautiful landscape, aesthetic architecture and avant-garde infrastructure, the College epitomizes an exemplary setting for higher learning.

With dedicated efforts of over a decade, the college has emerged into a centre of excellence in engineering education. Building purposive partnerships with the industry, bolstering its wherewithal continually and evolving innovative programmes consistent with changing times, R P Sarathy Institute of Technology strives to maintain its pre-eminent position.

“With Education and Ethics, we create Excellence”

ACADEMIC ACHIEVEMENTS:

“Education is the most powerful weapon which you can use to save the world.” – Nelson Mandela

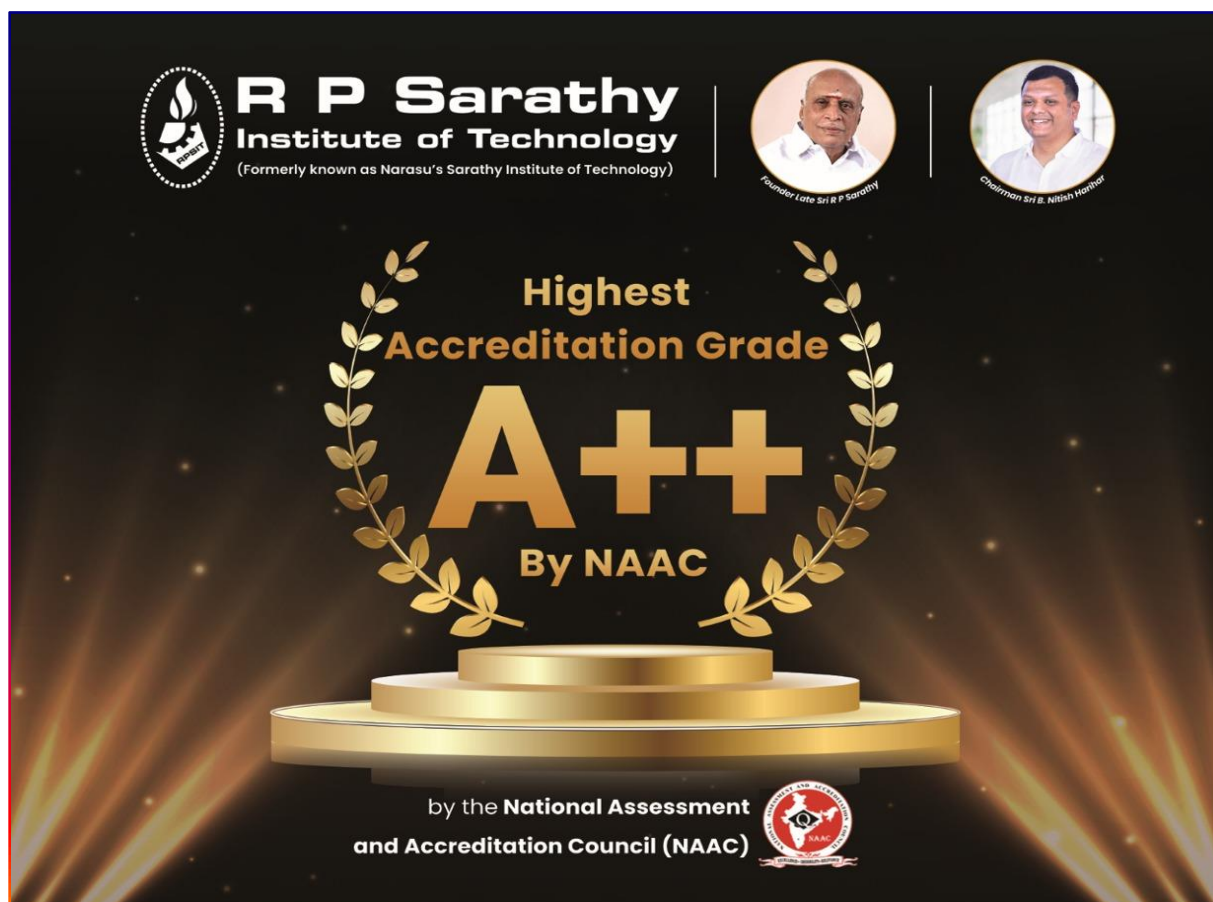

We are privileged to be the educators who can create the change makers of this world. We at RPSIT believe that education is not just completing the syllabus and getting a good pass percentage.

Rather we also strive to create engineers who are industry ready with an ethically balanced foundation. So, our students are given an education beyond classrooms in various methods like live projects, Industrial visits, Internships, workshops, Guest lectures, Technical and Non technical student centric clubs and competitions etc.

I am proud to say that, Our College has received the **Highest Accreditaion Grade (A++) by National Assessment and Accriditation Council (NAAC).**

We as a young institution having good number of Gold Medals & University Ranks.

I am proud to declare that, we are in the 59th position out of 313 Non-Autonomous Affiliated Engineering Colleges in TN Nov/Dec 2022 examinations and 40th place out of 392 Self-Financing Engineering Colleges in TN Apr/May 2022 examinations. This current academic year we have received 5 University Rank Holders.

OUR FOUNDER

THIRU R.P.SARATHY

Founder

R P Sarathy Institute of Technology

“There is no exercise better for the heart than reaching down and lifting people up”

Sri R.P.Sarathy was born in Salem on 14th November 1931, Founder of Smt. Mahalakshmi Ammal Educational Trust and R P Sarathy Institute of Technology. He developed his early work experiences in many different enterprises like a provision store, cosmetic store, cloth store and had also worked as a booking clerk in a cinema theatre. During this time he also travelled 20 – 30 miles on a bicycle to sell roasted coffee powder. In 1949, he started a coffee shop, “Sarathy Coffee” which had the facility to roast powder and package the raw coffee seeds as filter coffee.

In 1966, he acquired R P Coffee Company at the age of 35, with a mindset to turn things around in the coffee industry and since then, there was no looking back. In a short span of time, the sales increased from 300 – 400 metric tons to 5700 metric tons per year. He simultaneously developed coffee plantations which supplied raw coffee for his own company and was open to sales in the market. In short, under his supervision, coffee was grown, cultivated, roasted, ground, packaged and marketed with high degree of quality control. This could be achieved only because of the dedication, hard work, honesty, business ethics and a good market understanding. Hence, the brand “R P” became popular in the Indian and International markets.

The business knowledge of Sri “R P” R.P. Sarathy was so vast that the entire coffee industry relied on his suggestions. He served as a Coffee Board Trade member for seven terms (21 years). One of his notable achievements during this tenure was to make coffee into a free market. As an effect of this resolution, the purchase and sales of coffee became competitive and in par with the quality of the product. With his experience in the coffee industry he diversified into various other industries under the brand name “R P”. They are: R P Coffee Company, R P Exports, R P Roller Flour Mills, R P Spinning Mills, R P Sarathy Jewellery, R P Sarathy Institute of Technology, R P Sarathy Industries, Mahalakshmi Oil Refineries, Coffee Estates, Hotels.

His hard work and honesty received its due recognition when he was awarded the highest and most honest tax payer award – Rashtriya Samman by the Income Tax Department for 5 consequent years.

He believed that education is the only way to develop a society. So he contributed to various schools and colleges.

He was the Founder President for Sri Vidya Mandir Schools and introduced the CBSE system of education to Salem. In 2010 when Vidya Mandir Trust laid its foundation for an Arts College he was requested to be the Chairman and the college is successfully functioning at present. He was also the Founder Chairman of Vysya Group of Institution and remained in that post till his demise. He was instrumental in upgrading the Library and establishing the Audio visual Hall in Sri Sarada College for Women, Salem.

At the age of 75, he retired from all businesses and after deep thought he decided to dedicate his time solely for educational activities and hence chosen to start an engineering college. His vision was to provide quality technical education to the deserving students and create employable engineers who are technically competent and ethically strong. Sri “R P” R.P. Sarathy passed away on 4th January 2019.

OUR CHAIRMAN

Mr.B.NITISH HARIHAR

Chairman

R P Sarathy Institute of Technology

"The intelligent man is one who has successfully fulfilled many accomplishments, and is yet willing to learn more."

Our dynamic Chairman Sri B. Nitish Harihar is a man of high ideals and he strives continuously to lead our college towards success in all verticals with his team.

He has moulded the administrative, academic ethical growth of the college from a very young age under the guidance of his grandfather, our Founder, Sri. "Narasu's" R P Sarathy.

As an active Boy Scout Sri B. Nitish Harihar has secured the coveted Rastrapathi Scout Award. This taught him the importance of maintaining personal discipline and committed work ethics. He takes a personal interest in students' well being. He encourages the individual talents of students not just in academics but sports, co curricular and extra curricular activities. He was awarded the Youngest Pro Chairman Award by the India Book of Records.

He is an active member in social organization's like CII, ICTACT, NASSCOM, Salem Productivity Council, etc for a healthy interaction with the industry. This opens a lot opportunity for our staff and students to get real time projects and facilitates industry institute interaction.

He encourages the students to think out of the box, dream big and succeed with untiring effort. Under his leadership our students won the First Place in the world in the Oracle Thinkquest competition.

His family's rich industrial experience gives our college the support and guidance in directing our students not just towards good job opportunities but also towards Entrepreneurship, Research & Development, Outcome based learning, and keen business acumen.

Our Chairman is also an angel investor and has supported many of our student entrepreneurs to establish their start ups at our campus.

His vision in providing quality technical education to aspiring engineering students in the region has enriched the lives of many families. His enthusiasm and energy has empowered both staff and students to give their best in all their endeavours.

An institution runs with the power and energy of its Founder's vision and our Chairman is moving forward to make our Founder's vision a reality. With his leadership RPSIT is bound to grow with leaps and bounds.

Mr. Nitish Harihar, the esteemed Chairman of R P Sarathy Institute of Technology, is a visionary leader whose dedication and foresight have been instrumental in steering the institute towards excellence.

With a rich background in education and administration, our Chairman brings a wealth of experience and expertise to his role. Under his dynamic leadership, the institute has witnessed remarkable growth and development, emerging as a premier institution committed to fostering academic excellence, innovation, and holistic development of students. Mr. Harihar's strategic vision and unwavering commitment to quality education have propelled R P Sarathy Institute of Technology to new heights, earning it accolades and recognition in the education fraternity. His relentless pursuit of excellence, coupled with a strong emphasis on ethics and values, continues to inspire and empower students, faculty, and staff alike, shaping a brighter future for generations to come.

OUR PRO-CHAIRMAN

Mrs.AISHWARYA NITISH

Pro Chairman

R P Sarathy Institute of Technology

"Success is the outcome of Inspiration, Aspiration, Preparation, Dedication and Perspiration"

An heir from a family of National leaders, she is a person who strongly believes that within dreams and aspirations lies opportunities. Opportunities need to be tapped, tempered and moulded for bringing change and making a positive difference in the society.

Her experiences in administration and management of her family business holdings have made her a critical fact finder who can identify trouble spots with expertise. She is a constant source of inspiration to our students who are free to approach her for their academic needs. She is the change maker and challenger who creates active changes in every aspect. She believes that perfection is a result of continuous practice, so She encourages students to be committed to their studies and tap the opportunities given to them in this college for creating a change in this society and for their own betterment. Her vision for an egalitarian and progressive future reflects in the institution that she inspired.

She embodies a unique blend of leadership, compassion, and innovation. With a profound commitment to educational advancement and community development. She plays a pivotal role in shaping the institute's strategic direction and fostering a culture of excellence. Her dynamic leadership style, coupled with a keen understanding of emerging trends in education, has propelled R P Sarathy Institute of Technology towards greater heights of success and recognition. Her visionary leadership and unwavering commitment to educational excellence serve as guiding beacons, inspiring students, faculty, and staff alike to strive for excellence and embrace lifelong learning.

VICE CHAIRMAN & SECRETARY

THIRU.G.PRABAKARAN

Vice Chairman and Secetrary

R P Sarathy Institute of Technology

"The best way to find yourself is to lose yourself in the service of others."

Our Vice Chairman & Secretary, Thiru. G. Prabakaran, believes that Education is the best way to develop our nation. His rich experience in academics and business provides the executive support to college in the overall planning, organizing and executing of the various academic and administrative policies. He is a man of distinct vision and an inspiration to all of us. He has contributed a lot to the society in academics and other areas of social development.

He insists on quality education, oversees the implementation of best teaching and learning practices in the college.

His long association with our Founder has strenthened his belief that quality is the epitome of our institution. The special care and nurture given to each individual student enables their overall development as employable engineers with ethical mindset.

His aim is to motivate the students to contribute in nation building through entrepreneurship, higher education and disciplined way of life.

An alumnus of the prestigious Loyola College, Chennai, he took up his family business as his profession, but his interest was more towards service to society. Hence he became a member in various social organizations like JCI, Salem Club, Cosmopolitan Sports Club, Salem Literary Society, Yercaud Development Society, etc. He received International Award from JCI World President Kumar P. Gera for outstanding project in the year 1979. He was the State Vice President of Tamil Nadu State Jaycees in 1982.

Though he has a number of business commitments like S.P.G. Finance, Prabakar Finance and S.P.G. Buildings he is better known for his contribution to education in Vysya Group of Colleges, R P Sarathy Institute of Technology and Periyar University.

He was the Syndicate Member at Periyar University for three years from 2014-2016. He was instrumental in reviving the Distance Education Admissions during his tenure as convener of Distance Education. He also streamlined the administrative system to create better transparency and effectiveness.

He is the Vice Chairman of Vasavi Vidya Trust and VVT Group of Institutions which manages many educational institutions. He is also the Vice Chairman for Vysya Group of Colleges.

He has been a part of R P Sarathy Institute of Technology since its inception and has created many unique innovative practices to enhance the teaching learning process. Innovations and reformation of curriculum has been his forte and he was instrumental in formulating the Student startups policy. He has made many developmental changes in the college administration, thereby improving the amenities in the college campus.

He has hosted a very popular TV show Kalvi Alosanai Neram on Polimer Channel to guide students on the various opportunities available in Higher Education. In the words of Vice Chairman, "A dream doesn't become reality through magic; it takes sweat, determination and hard work." He is the valued pillar of strength and knowledgeable advisor who strives to create positive changes in every student.

Our Vice Chairman and Secretary brings to the institution a wealth of experience and a visionary approach to education. With a strong background in academia and administration, Mr. Prabakaran is deeply committed to advancing the institute's mission of providing quality education and fostering holistic development. His strategic leadership and innovative initiatives have played a crucial role in shaping the institute's growth trajectory, positioning it as a leader in the field of technical education.

His emphasis on continuous improvement and excellence permeates every aspect of the institute's operations, driving initiatives to enhance teaching standards, research opportunities, and industry collaborations. Under his guidance, R P Sarathy Institute of Technology continues to thrive as a center of academic excellence, empowering students to excel in their chosen fields and contribute positively to society.

His unwavering dedication and visionary leadership serve as a source of inspiration for the entire institute community, propelling it towards greater heights of success and distinction

NSIT is now RPSIT Renaming Ceremony.

Name of our college changed from Narasu's Sarathy Institute of Technology to R P Sarathy Institute of Technology, in honor of our esteemed founder, Late. Sri.R P Sarathy Ayya.

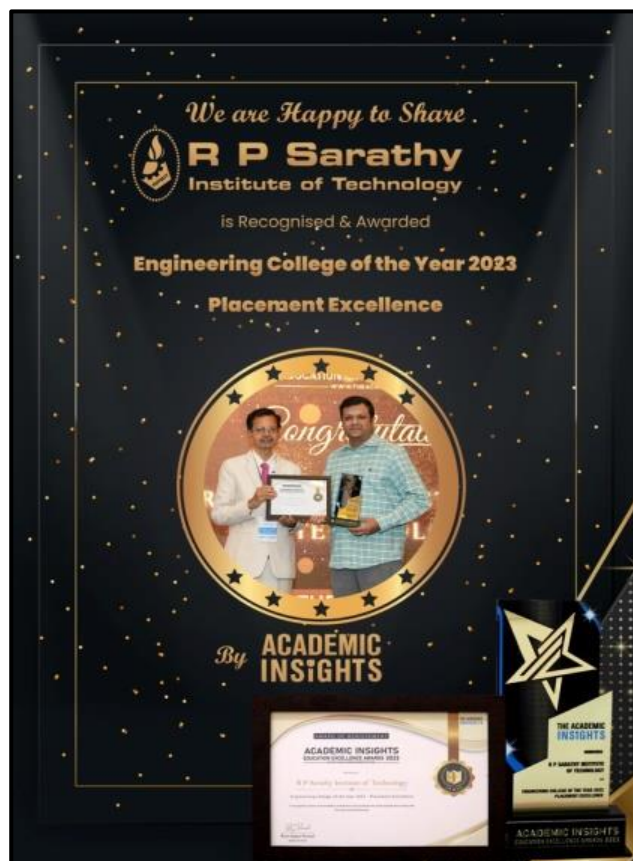

The change of name is a heartfelt tribute to his dedication and commitment to education. By renaming our college, we aim to honor his legacy and ensure the future generations to remember his contributions. The change in the college name was effected from June 2023.

Appreciation and recognition are powerful motivators leading to an increase in performance, productivity, morale, employee retention and overall satisfaction.

A rapidly changing technological environment

- ❖ “It is very important that engineering aspirants develop varied skills while studying any topic, and thus we ensure learning at RPSIT goes beyond the textbook learning and find ways to apply the knowledge learnt in the world around us”, Our curriculum is framed by leading academicians and is designed in such a way that the students get a chance to go beyond just memorizing the subject. Through the brief conversation with Chairman, we learnt that RPSIT believes that, it is their duty as educationalists and teachers to help students thinkout and perform on daily basis by using the above skills as their vantage points.

- ❖ **14 Students** from various departments have participated in the **SAE – Tier III Event** held at Chennai Institute of Technology, Chennai on 15.03.2024 & 16.03.2024.

- ❖ Our Student **S.Ananthi** of Third year Eletrical and Electronics Engineering has won prize in **Tamil debate Programme @ Sankara Channel.**

- ❖ **P.Dhamodharan** and **M.Gunasekaran** of Third Year **Computer Science Engineering** have participated in **WUSHU competition under All India Inter University Tournament** held at Chandigarh University, Mohali on 07.02.2023-11.02.2023 and secured **Dullian-Silver, Qiangshu-Silver, Jiangsu-Bronze, Group Event-Bronze.**

- ❖ **Munivel, Elakkiya, Kishore** of third year from **Computer Science Engineering** have got **second place** in the **Hackathon Event** held at **KCG COLLEGE OF TECHNOLOGY, Chennai** on 25.03.2023.

- ❖ M.Santhiya Sri of Second Year Artificial Intelligence and Data Science has got 2nd Price in poem competition during International Anti-Drug Day held on 26.06.2023.

- ❖ Mr.Dhamotharan, third year Computer Science Engineering has won 3 Gold in the 20th Senior Tamilnadu State Wushu open Championship and eligible for National event.

- ❖ S.Chittesh, G.Vikram of Second Year Information Technology have won 1st place and 2nd Place in technical symposium @ Knowledge Institute of Technology on 01.03.2024.

- ❖ **R.Sankar Ganesh of Final year Mechanical Engineering Student has got 2nd place in Paper Presentation event in METAMAT 24.0 held on 21.03.2024 at Government College of Engineering, Salem.**

- ❖ **R.Shankar Ganesh of Final year Mechanical Engineering has got 1st place along with cash prize of Rs.3000 in the Technical Symposium held at Paavai Institutions.**

- ❖ **S.Chittes, J.Lavanya of Second Year Information Technology have won the 1st Prize and 2nd in RJ contest and Technical Quiz at Dhirajlal Gandhi College of Technology held on 05.04.2024.**

CENTRE OF EXCELLENCE:

Centres of Excellence serve as hubs for innovation, research, and collaboration, driving advancements in specialized fields, fostering interdisciplinary approaches, and positioning institutions as leaders in cutting-edge technologies and solutions

- ❖ The **Inauguration of the IEI (Institution of Engineers India) student chapter** in our college was held on March 16, 2024 was a momentous event, heralding a new era of collaboration and professional development opportunities for engineering students.

- ❖ The **Inauguration of the Casttree Incubation Centre** was held at our college on November 10, 2023, marked a significant milestone in fostering entrepreneurship and innovation.

To develop an academic partnership and sign a Memorandum of Understanding (MOU), the parties have committed to work together on collaborative projects in information technology, research, product ideation, and market research approaches with our institution. Casttree trainers complement each other's abilities in training, research and infrastructure.

Based on the MOU, 28 second and third-year students were shortlisted after two levels of examinations conducted on our campus.

Following successful assessment, our 28 students received industry-oriented training on regular basis on our campus, using all the facilities given by the institution.

- Training is provided on the following domains:
- User Experience (UX) Design
- Front End Development and Web Technologies
- Backend Development and Database Management
- Mobile App Development

Product launches and growth initiatives.

- ❖ The **Inauguration of SAE RPSIT COLLEGIATE CLUB** was held at our college on May 12, 2023, marked a significant milestone in promoting automotive engineering excellence and fostering industry connections for students passionate about the field.

NPTEL COURSES:

For working professionals, NPTEL lectures are a boon. The courses are so well and of very high quality

National Programme on Technology Enhanced Learning (NPTEL) is a project of MHRD initiated by seven Indian Institutes of Technology along with the Indian Institute of Science, Bangalore in 200, to provide quality education to anyone interested in learning from the IITs. The main goal was to create web and video courses in all major branches of engineering and physical sciences at the undergraduate and postgraduate levels and management courses at the postgraduate level.

- ❖ **Dr.V.Munusami, Principal/RPSIT** has completed 8 Weeks NPTEL Course entitled **“Roadmap for Patent Creation”** on March 2023.
- ❖ **Dr.V.Munusami, Principal/RPSIT** has completed 12 Weeks NPTEL Course entitled **“Fundamentals of artificial Intelligence”** on September 2023.
- ❖ **Mr.V.Haribalaji ,AP/MECH** has awarded completed 8 Weeks NPTEL Course entitled **“Robotics”** on Sept 2023.
- ❖ **Mr.V A Inbasekaran, AP/MECH** has awarded completed 8 Weeks NPTEL Course entitled **“Engineering Mechanics - Statics and Dynamics”** on March 2023.
- ❖ **Dr.K.Arutselvan, HoD/EEE** has awarded Elite in 4 Weeks NPTEL Course entitled **“Design Thinking: A Primer”** on February 2024.
- ❖ **Mr.M.Vetrivel, AP/EEE** has awarded Elite in 4 Weeks NPTEL Course entitled **“Design Thinking: A Primer”** on February 2024.
- ❖ **Mr.C.Srinivasan, AP/EEE** has awarded Elite in 4 Weeks NPTEL Course entitled **“Design Thinking: A Primer”** on February 2024.
- ❖ **Dr.K.Arutselvan, HoD/EEE** has successfully completed 8 Weeks NPTEL Course entitled **“Patent Creation”** on February 2024.
- ❖ **Mr.V.Haribalaji, AP/MECH** has successfully completed 8 Weeks NPTEL Course entitled **“Robotics”** on September 2023.
- ❖ **Mr.P.Velmurugan, AP/EEE** has successfully completed 4 Weeks NPTEL Course entitled **“Design Thinking: A Primer”** on February 2024.
- ❖ **Dr.R.Valarmathi, ASP/EEE** has successfully completed 4 Weeks NPTEL Course entitled **“Design Thinking: A Primer”** on February 2024.
- ❖ **Mrs.G.Jayasudha, AP/English** has successfully completed 12 Weeks NPTEL Course entitled **“History of English Literature”** On October 2023.

STAFF ACHIEVEMENTS

100% RESULT PRODUCED STAFF LIST

A good teacher is like a candle – it consumes itself to light the way for others. Good teachers know how to bring out the best in students. The influence of teachers extends beyond the classroom, well into the future. Teachers are our greatest public servants; they spend their lives educating our young people and shaping our nation for tomorrow.

In the step towards bringing excellence, our faculties have produced 100% Results in Anna university Results for the various subjects.

STAFF PARTICIPATION

Teachers provide the power of education to today's youth, thereby giving them the possibility for a better future. Teachers simplify the complex, and make abstract concepts accessible to students. In order to update the current technological skills, our faculty members from various departments have attended various events such as workshop, seminar, Conference, Orientation Programmes, FDP and published many Journals and Research articles.

FACULTY PUBLICATIONS & PATENT:

Faculty publications are essential for advancing knowledge, contributing to academic discourse, and enhancing the reputation of the institution, showcasing the expertise and research contributions of faculty members while enriching the educational experience for students."

Top of Form

Our faculty members engage in scholarly work that includes research publications in peer-reviewed journals, academic and professional conference presentations, advancing knowledge in areas of professional and discipline practices, teaching and service. This creative energy finds its way into classroom discussions and student generated research. This Faculty Research and Publications Report to showcase how our faculty members are actively engaged in the creation of knowledge and to profile their publications and professional achievements during the year 2023-24.

FACULTY AS RESOURCE PERSONS

Our Professors have contributed to broad range of community affairs through participating in and providing leadership, particularly in areas related to the discipline and in liaison with professional, commercial and industrial bodies where appropriate.

- ❖ Dr.K.Arutselvan, HoD-EEE has delivered a presentation entitled “Seminar on SPECIAL ELECTRICAL MACHINES” dated 03.11.2023 organized by **PAAVAI COLLEGE OF ENGINEERING, Namakkal**

- ❖ Mr.C.SRINIVASAN, AP-EEE has delivered a seminar entitled “CONTROL SYSTEMS” on 12.12.2023 organized by **TAGORE INSTITUTE OF ENGINEERING AND TECHNOLOGY, Attur.**

- ❖ Dr.R.VALARMATHI, ASP-EEE has delivered a seminar entitled “RECENT TRENDS IN ELECTRONIC APPLICATION” on 14.02.2024 organized by **SHREENIVASA ENGINEERING COLLEGE,Bommidi**

- ❖ Dr.M.Poonguzhali, HOD-ECE has delivered a Lecture in the Faculty development program entitled “RECENT TRENDS IN ELECTRONICS” on 18.12.2023 organized by **A.V.S COLLEGE OF TECHNOLOGY,SALEM.**

- ❖ Dr.M.Poonguzhali, HOD-ECE has delivered a Lecture in the Faculty development program entitled “AI&ML” on 18.01.2024 organized by **SALEM COLLEGE OF ENGINEERING AND TECHNOLOGY**

- ❖ Dr.S.Sabarinathan, ASP-ECE has delivered a Lecture in the Faculty development program entitled “AI&ML” on 19.01.2024 organized by **SALEM COLLEGE OF ENGINEERING AND TECHNOLOGY**

- ❖ Dr.S.Sabarinathan, ASP-ECE has delivered a Faculty development program Lecture entitled “**WORLD ENTREPRENEURSHIP DAY**” on 15.012.2023 organized by **A.V.S COLLEGE OF TECHNOLOGY,SALEM.**

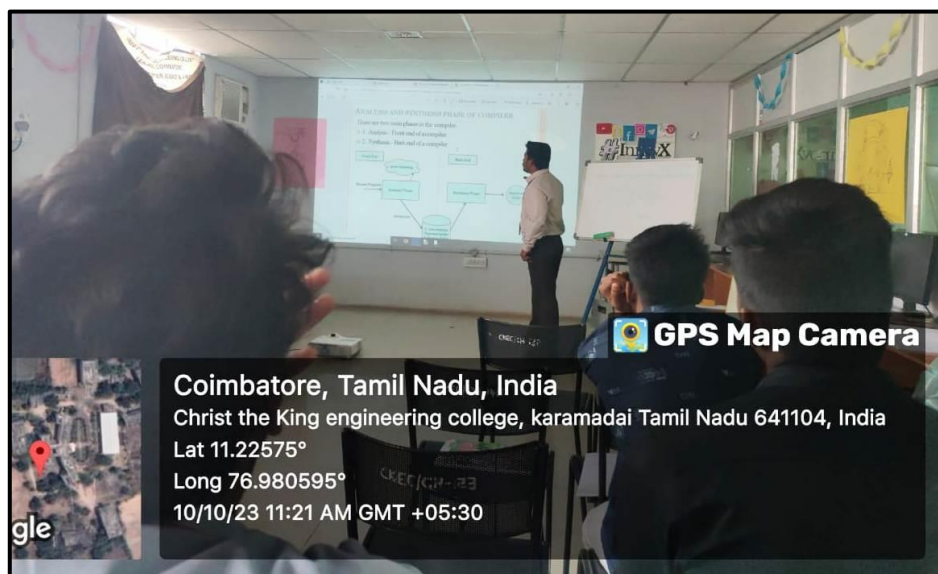

- ❖ Dr.S.Sabarinathan, ASP-ECE has delivered a Seminar entitled “**IoT AND ITS APPLICATION and INNAGUTION OF ECE ASSOCIATION**” on 04.04.2024 organized by **MAHA BARATHI ENGINEERING COLLEGE,KALLAKKURICHI.**

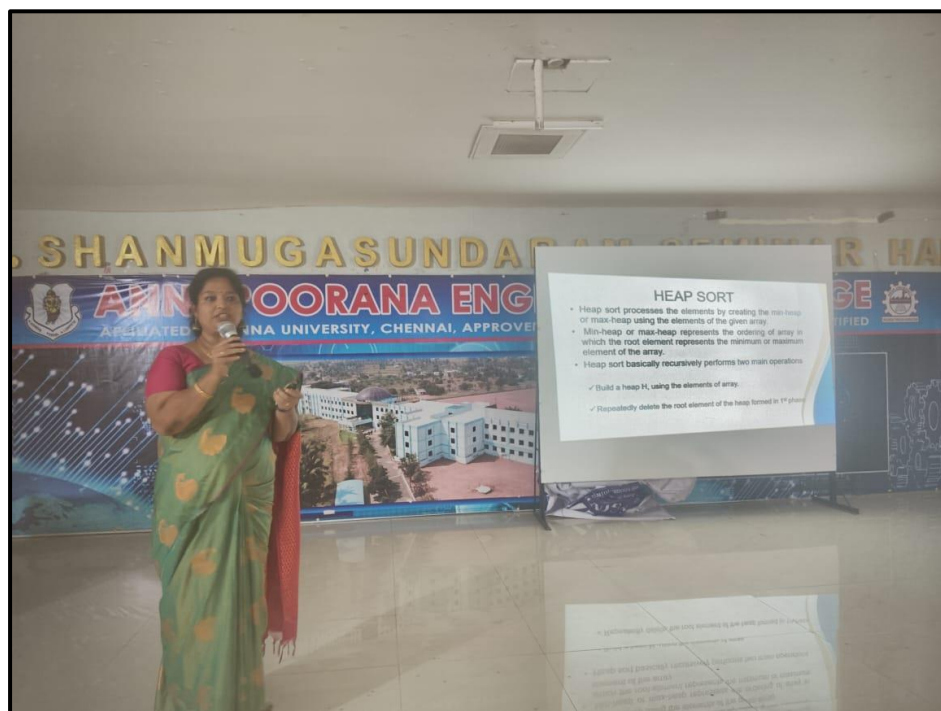

- ❖ Dr.S.Sabarinathan, ASP-ECE has delivered a Faculty development program lecture entitled “**LEAN STARTUP AND MINIMUM VIABLE PRODUCT**” on 08.08.2023 organized by The **Kavery Engineering College ,Mecheri**

- ❖ Mr.M.Prakash Kumar , AP-CSE has delivered a Seminar program entitled **“RESEARCH SIGNIFICANCE IN COMPILER DESIGN”** on 10.10.2023 organized by **The Christ Engineering College, Combitor**

- ❖ Dr.K.S.Sasikala, HOD-IT has delivered a Guest Lecture on **APPLICATIONS OF SORTING AND SEARCHING TECHNIQUES IN DATA STRUCTURES** entitled on 08.12.2023 organized by **ANNAPOORANA ENGINEERING COLLEGE**

- ❖ Dr.K.S.Sasikala, HOD-IT has invited as Committee Member for Ph.D Public viva Voce Examination on 16.06.2023 organized by **Vinayaka Mission's Kirupananda Variyar Enggineering college,Salem.**

- ❖ Dr.R.Kavitha, HOD-S&H has invited as a Chief guest and delivered a Seminar on “National Science Day” on 29.02.2024 organized by **Salem College Of Engineering And Technology,Salem.**

- ❖ Dr.R.Kavitha, HOD-S&H has delivered a Seminar on “Recent Trends on Science and Technology” on 20.02.2024 organized by **Sri Sakthi Kailash Womens College,Salem.**

- ❖ Dr.J.Murugan, ASP/English has delivered the seminar on “The Importance of Learning on 09.10.2023 organized by Vidhyaa Arts and Science College, Edappadi.

- ❖ Dr.J.Murugan, ASP/English has delivered the Induction Program on “**Communicative English**” at Ganesh College of Engineering, Salem.

EVENTS CONDUCTED AT RPSIT

INTERNATIONAL CONFERENCE:

The 3rd International conference on Applied Artificial Intelligence and computing (ICAAIC 2024) provides an exceptional international forum to share the state-of-the-art research knowledge and results on the innovative theories, methodology and applications of Artificial Intelligence and its sub-domain like deep learning, machine learning in real-time settings. ICAAIC 2024 welcomes papers in all sub-areas of artificial intelligence. Moreover, the conference aims to provide a platform for the researchers and practitioners for both academia and industries to share the information about cutting-edge developments in the Artificial Intelligence [AI] field.

This conference intends to emphasize a research connection. Therefore, the authors are invited to highlight the advantages of Information Technology (IT) in various domains. Innovative research ideas on how to solve problems using artificial intelligence, both in R&D and real-time applications are expected. Papers describing the advanced prototypes, systems, methodologies, tools and techniques and general survey papers, which indicates future directions are also encouraged. Papers describing novel research work are invited accepted papers, presented at the conference will be published in the Proceedings of ICAAIC 2024. Acceptance will be based on quality, relevance and novelty.

NATIONAL CONFERENCE

The National Conference on Innovation in Engineering and Technology (NCIET-2023) took place on May 13th, 2023. Professor Dr. R. Jagannathan, Vice Chancellor of Periyar University, Salem, and Er. Sr. Saravanan, Chairman of IE(I) Salem Local Centre, Salem, graced the occasion as distinguished guests of honor. Their presence added significant value to the event, emphasizing the importance of innovation in advancing engineering and technology.

VALUE ADDED COURSES:

To bridge the gap between the academic and industry needs, Value Added Courses (VAC) are regularly conducting in our College. It is important for higher education institutions to supplement the curriculum to make students better prepared to meet industry demands as well as develop their own interests and aptitudes.

Our Departments have got approval from Anna University to conduct Value Added Course for the academic year 2023-2024.

The value added courses are listed below. 01 EEE, 01 ECE, 02 AI&DS and 02 Mech value added courses were approved by Academic Courses, Anna University during the academic year 2023-24.

S.NO	DEPARTMENT	NAME OF THE VALUE ADDED COURSE
1.	Electrical & Electronics Engineering	Factory Automation
2.	Electronics & Communication Engineering	Chip level Testing and Debugging for smart phone devices
3.	AI&DS	Data Visualization Using Matplotlib
4.	AI&DS	Problem Solving Using C Programming
5.	Mechanical Engineering	Solidworks AND GD&T
6.	Mechanical Engineering	3D Printing

UNIVERSITY EXAMINATIONS CLASS TOPPERS (2023-2024)

On Behalf of our RPSIT family, I congratulate the following students on their performance for excelling in their University Examinations. You have always performed beyond expectations and we appreciate your hard work. We feel honored to have a bright and intelligent students like you in our RPSIT .Your sincerity, discipline, and readiness have earned you this achievement. I appreciate your eagerness and dedication that you show in your studies. This has inspired your classmates to perform well too.

100% STUDENTS ATTENDANCE

Attendance plays a key role in the student's life; and why not rewards the students who have attended the College regularly without taking a single leave!!! This was only possible with the students and their parents together making this happen. The sense of discipline and the responsibility the child understands are through their parents and hence the students deserve the credit.

About 81 students have secured 100% Attendance for this academic year 2023-2024

AIDS – 01, CSE - 18, EEE -9, ECE -9, MECH -7, IT – 11 and S&H -26

STUDENTS ACHIEVEMENTS & PARTICIPATION:

Participating in Symposiums, Workshops will enhance the technical knowledge of students and provide them a platform to exhibit their talents. It helps students to identify and understand the various aspects of their domain which provides opportunities for them to develop their versatility and charisma in the divergent facet of their growth. 65 CSE, 26 IT, 97 ECE, 50 EEE, 55 Mech, 28 AIDS and 92 S&H have participated in various events organized by various Institutions.

INTERNSHIP

Internships are an opportunity to network with great people and sharpen your skills before entering the workforce. They also help tremendously with figuring out your true passion. Companies often look at them as a way to gain experience and exposure to make a smooth transition into your role when hired.

INDUSTRIAL VISIT

Industrial visits are invaluable for students as they provide firsthand exposure to real-world applications of theoretical concepts, fostering a deeper understanding of industry practices, enhancing career readiness, and inspiring future professional aspirations.

Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms

Industrial visit has its own place of importance in a career of a student who is pursuing a professional degree course like Engineering. In fact, it constitutes a part of core course curriculum taught at the college. The objective of an industrial visit is to provide the students an insight regarding the internal working of companies. Today, we all perfectly understand that theoretical knowledge is just not enough for a successful professional career. It is here that by going beyond academics, industrial visit provides students a much relevant practical perspective of the actual work place and the larger world of business. All this makes the importance of Industrial visits all too evident, especially for students pursuing a professional Courses.

1. Department of **Electrical & Electronics Engineering** students went for industrial visit to Kerala Electrical and Allied Engineering Co.Ltd, Kochin on 13.05.2023.
2. Department of **Electrical & Electronics Engineering** students went for industrial visit to F Choice Solar Tech India Private Limited, Udumalaipettai on 01.03.2024.
3. Department of **Electronics and Communication Engineering** students went for industrial visit to F Choice Solar Tech India Private Limited, Udumalaipettai on 29.03.2024.

Learning is made a lot easier and interesting through various activities, like industrial visits, guest lectures and various technical activities. This inculcates the urge to gain more knowledge in students thereby making them better professionals to face the modern day challenges. The students are exposed to the current industrial atmosphere which enables them to grasp more than their academic syllabus.

Our college focuses on fulfilling the dream of every student by providing all the necessary state-of-the-art facilities to achieve in their areas of interest. RPSIT offers the best opportunities to the students to achieve in Curricular, Co-Curricular and Extra-Curricular activities.

PLACEMENT DETAILS 2023-24

Placements are an integral to the academic journey, providing students with real-world opportunities to apply their skills, gain practical experience, and embark on meaningful career paths, ultimately bridging the gap between academia and industry while facilitating the transition from education to employment.

PLACED STUDENT DETAILS

The Placement Cell plays a crucial role in locating job opportunities for Under Graduates and Post Graduates passing out from the college by keeping in touch with reputed firms and industrial establishments. The Placement Cell operates round the year to facilitate contacts between companies and graduates under the head of Placement Director Mr.Mohan Kumar. The number of students placed through the campus interviews is continuously rising. On invitation, many reputed industries visit the institute to conduct interviews.

From a student perspective, high quality placements can bring a range of benefits and positive impacts. For a student, placements and training are extremely valuable as it helps them to enhance or learn industry centric skills beneficial for their future career growth. Best training and placement practices at a private university help students to alleviate barriers to employment for graduates and encourage them to grab all possible opportunities.

We have been successful in maintaining our high placement statistics over the years and the fact that our students bear the recession blues with record breaking placements itself is a testimony to our quality. Our ingenious alumnae have set new standards in the corporate world through their estimable contributions and it is my firm conviction that we will continue that legacy in the years to come.

The Placement Cell organizes career guidance programmes for all the students starting from first year. The cell arranges training programmes like Mock Interviews, Group Discussions, Communication Skills Workshop etc and it also organizes Public Sector Exam Training for students who are interested to join Government Sectors. It also invites HR Managers from different industries to conduct training programmes for all the year students.

DETAILS OF TRAINING PROGRAM

Placement training plays a major role in shaping up the career goals of students. It is the dream of every engineering student to get placed in top organization visiting their campus for recruitment. Keeping this key aspect into consideration, it is realized that training is important for engineering students to enhance their employability skills and achieve good placement in various Industries. At present, the competition for employment is increasing every day and placement has become a challenging task. Training of students and equipping them with life skills have become an important responsibility of the institution. Along with technical expertise, development of a holistic personality is also necessary. To meet out these requirements, a fully fledged training cell is operating in our college to enhance the capabilities of engineering graduates on par with the industry standards.

Our Residential Training

IEI STUDENT CHAPTER

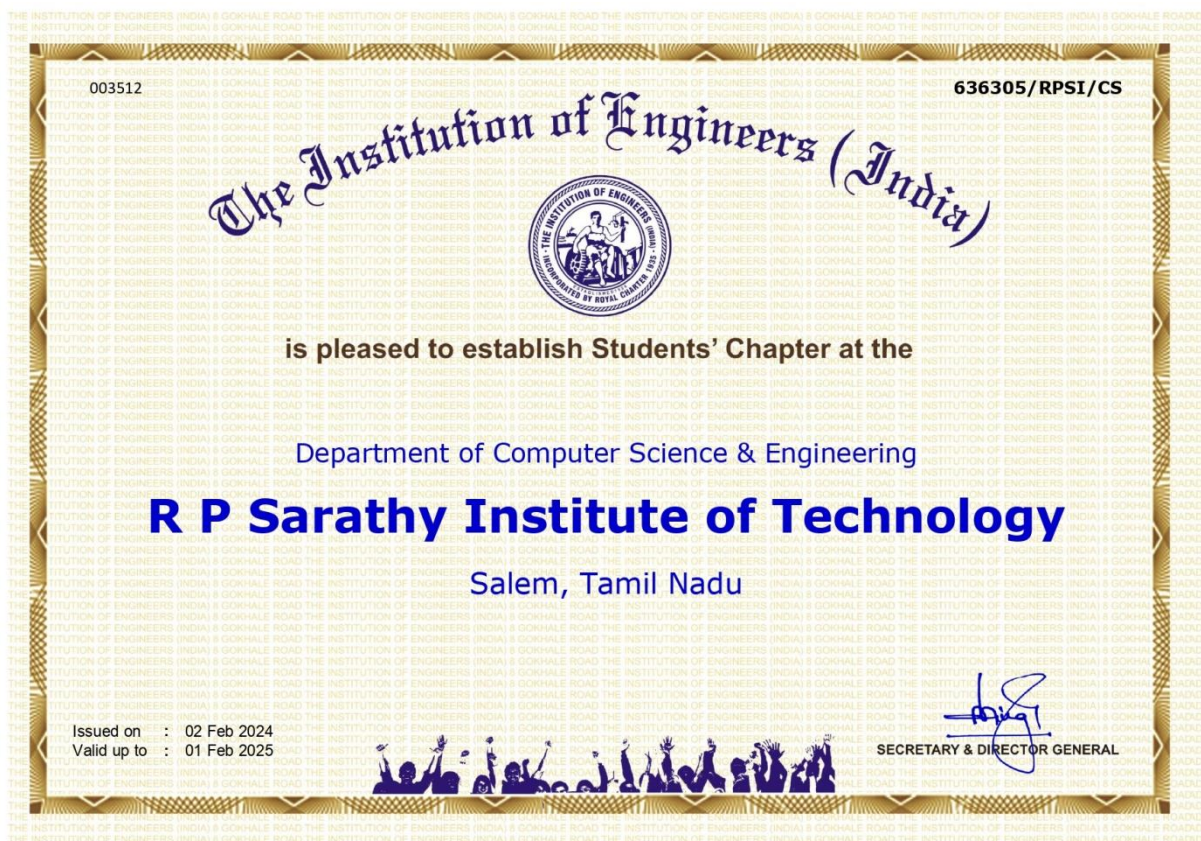

INSTITUTION OF ENGINEERS INDIA

The IEI Chapters play a crucial role in promoting engineering excellence, facilitating knowledge exchange, and fostering professional development among engineers through networking opportunities, technical events, and collaborative initiatives, thereby advancing the engineering profession and contributing to societal progress.

Establishing a new chapter of The Institution of Engineers (India) at our college is a commendable initiative, that can bring numerous benefits to the engineering students. We enrolled students from the following department for the IE(I) student chapter from this academic year.

- Department Computer Science and Engineering
- Information Technology
- Artificial Intelligence and Data Science
- Electronics and Communication Engineering

IEI student chapter in our institution can provide numerous benefits for engineering students. IEI student chapters aim to promote technical knowledge, foster professional development, and encourage networking among students and professionals in the engineering field.

INCUBATION CENTRE

Incubation centers play a pivotal role in nurturing startups and fostering innovation by providing entrepreneurs with essential resources, mentorship, and networking opportunities, catalyzing the growth of new businesses and driving economic development

Incubation centers (established firms, Colleges, and universities) provide facilities to nurture young firms (startup) during their early months or years of growth. Further, this collaborative program designed helps new startups to succeed.

INCUBATION CENTRE AT RPSIT

R P Sarathy Institute of Technology started the “Incubation Centre” for nurturing and overseeing innovation and entrepreneurship. The aim is to encourage entrepreneurship among locals with the colleges serving as focal points. It is a platform for nurturing, encouraging and developing innovation and entrepreneurial skills among its students, research scholars and alumni, as well as students of the region.

Entrepreneurship in India is on the verge of explosive growth. Angel investors, venture capital, media, startup clubs, service providers, mentors and training companies are going to grow. And one important cog in the wheel is the incubator – the place where startups are born. When a baby is born, he-she is kept in the incubator for first few hours and maybe days – this gives them a chance to adjust to outside environment, and grow stronger before they face the outside world ! In a similar way, a startup is incubated in Incubation Center, which gives them a chance to bring their business in shape, before they reach out to the world.

SALIENT FEATURES OF INCUBATION CENTRE AT RPSIT

To encourage Entrepreneurship and innovation and incubation of ideas.

To support the incubation of around 5 projects each year.

Each project will be executed by a team of entrepreneurs (students-alumni- Industry)

Each project will be given infrastructural support such as workspace, internet etc.

The program will cater to the projects that solve problems and find solution to local needs (district and state) rather than global problems and needs.

The problem can be from any discipline but one should provide an IT solution to the selected problem.

RPSIT UBA

UBA, or Unnat Bharat Abhiyan, is a transformative initiative aimed at fostering rural development through academic engagement and community participation, bridging the gap between urban and rural areas to promote inclusive growth and sustainable development

RPSIT aims to impart quality education combined with ethical values, the two qualities that are in congruence with the nation's development. The mission is to impart value based education to students from both the rural and urban areas and to train them into technically competent, ethically strong and quality professionals in order to meet the challenges of the rapidly changing technological environment. With this vision in mind, RPSIT has applied to UBA for uplifting the nearby rural areas. Under this scheme, R P Sarathy Institute of Technology has adopted five villages in Salem district and has also obtained the consent for the same from the District Collector. The following are the villages adopted by RPSIT under UBA

S.No	Name of the Village	Block	District
1.	Poosaripatti	Kadayampatti	Salem
2.	Pannapatti	Kadayampatti	Salem
3.	Semmandapatti	Kadayampatti	Salem
4.	Vellalapatti	Omalur	Salem
5.	Vellar	Mecheri	Salem

AICTE PARAKH

AICTE PARAKH facilitates the accreditation and assessment of technical education institutions, ensuring quality standards, fostering continuous improvement, and promoting excellence in engineering and technology education across India

The AICTE-SLA (Student Learning Assessment) project stands as a pivotal initiative in the landscape of technical education in India. Its multifaceted objectives encompass not only the measurement of academic and aptitude skills but also the profound understanding of factors shaping skill development in technical institutes nationwide. At R P Sarathy Institute of Technology, Salem, our active participation in this project, with around 750 students engaged, underscores our commitment to fostering holistic growth and preparing our students for meaningful employment opportunities aligned with their capabilities. This report encapsulates our journey, achievements, and the broader implications of our involvement in the AICTE-SLA project. Central to the AICTE-SLA project is the assessment of benchmark levels and gains in academic and aptitude skills among students enrolled in technical programs. Through rigorous evaluation methodologies, including standardized tests, surveys, and performance assessments, the project endeavors to gauge the proficiency and progress of students across various domains of learning. By systematically analyzing data and benchmarking against predefined standards, the project provides valuable insights into areas of strength and areas needing improvement. This information serves as a compass for educational institutions like ours, guiding curriculum development, pedagogical approaches, and support mechanisms tailored to the evolving needs of our students. Beyond mere assessment, the AICTE-SLA project delves into the intricate web of factors influencing skill development among students in technical institutes across India. From socio-economic backgrounds to pedagogical methodologies, from infrastructural resources to industry-academic collaborations, the project casts a wide net in its quest for understanding. Through surveys, interviews, and data analysis, it seeks to unravel the nuanced interplay of these factors and their impact on the educational journey of students. For institutions like R P Sarathy Institute of Technology, Salem, this deeper understanding serves as a catalyst for holistic interventions aimed at nurturing a conducive learning environment conducive to comprehensive skill development.

An integral aspect of the AICTE-SLA project is its alignment with the employment objectives of technical education. By evaluating students for their overall qualitative growth during their course of study, the project endeavors to bridge the gap between academia and industry. It recognizes that the true measure of success lies not merely in academic achievements but in the ability of graduates to secure employment that best utilizes their capabilities. At R P Sarathy Institute of Technology, Salem, we have embraced this ethos wholeheartedly, integrating employability skills development into our curriculum, fostering industry partnerships, and providing career guidance and placement support to our students. Our participation in the AICTE-SLA project reinforces our commitment to preparing students not just for jobs but for fulfilling careers aligned with their aspirations and potential.

Beyond the individual level, the AICTE-SLA project empowers policymakers to evaluate the global competitiveness of students, faculty, and heads of departments, thereby informing the formulation of policies and frameworks for technical higher education in India. By providing comprehensive data on skill levels, employment outcomes, and institutional practices, the project enables evidence-based decision-making aimed at enhancing the effectiveness and relevance of technical education. As an active participant in the project, R P Sarathy Institute of Technology, Salem, contributes valuable insights and perspectives that shape the discourse on technical education at the national level.

Academic Bank of Credits (ABC)

The Academic Bank of Credit streamlines the process of credit transfer, enabling students to accumulate and transfer academic credits earned from various institutions, facilitating seamless mobility and ensuring the recognition of their academic achievements

The Academic Bank of Credits (ABC) represents a groundbreaking development in the realm of education, offering a dynamic platform for the recognition, transfer, and validation of academic credits. At R P Sarathy Institute of Technology, Salem, our active participation in the ABC initiative, with approximately 800 students enrolled, underscores our commitment to innovation and excellence in higher education. This report delves into the intricacies of ABC, its significance in the educational landscape, and the transformative impact it has had on our institution and its stakeholders. Central to the functioning of ABC is the registration of institutions and services, a critical process that ensures the integrity and authenticity of academic credits. Registered institutions, including our college, play a pivotal role in depositing credits awarded to students into their respective accounts within the ABC framework. It is important to note that credits can only be shared from institutions, not directly from students themselves. This mechanism not only safeguards the credibility of credits but also streamlines the process of credit transfer and validation. Key features of ABC include its ability to allow academic institutions to lodge and maintain the integrity of credits, ensuring transparency and reliability in the credit ecosystem. Furthermore, ABC maintains the authenticity and confidentiality of student credits, fostering trust and accountability in the academic community. The ease of credit transfer through digital mode facilitates seamless mobility and collaboration, enabling students to leverage their academic achievements across various educational contexts. Additionally, ABC ensures faster credit recognition, minimizing bureaucratic hurdles and enhancing the efficiency of credit validation processes.

The implementation of ABC at R P Sarathy Institute of Technology has ushered in a new era of educational innovation and empowerment. Through our active participation in the ABC initiative, we have witnessed firsthand the transformative impact of this platform on our students, faculty, and institutional practices. Faculty members have embraced ABC as a tool for enhancing student engagement and facilitating personalized learning experiences. Moreover, ABC has bolstered our institution's reputation as a forward-thinking leader in higher education, attracting students and faculty who are drawn to our commitment to innovation and excellence. Looking ahead, we recognize the immense potential of ABC to revolutionize the educational landscape on a broader scale. By facilitating the seamless exchange of academic credits and promoting collaboration among institutions, ABC paves the way for a more inclusive, flexible, and student-centered education system. As we continue to navigate the evolving terrain of higher education, R P Sarathy Institute of Technology remains steadfast in its dedication to harnessing the transformative power of ABC to empower students, inspire innovation, and shape the future of education.

ENERGY-ENVIRONMENT-GREEN AUDIT

The energy and green audit initiative aims to assess and optimize resource utilization, promote sustainable practices, and reduce environmental impact, fostering a culture of conservation and responsible stewardship within the institution.

The Energy-Environment-Green Audit was conducted at R P Sarathy Institute of Technology, Salem, by Ram Kalam Centre for Energy Consultancy & Training, Coimbatore on March 25, 2024. The audit was led by Dr. S.R. Sivarasu, Er. P. Malligarjun, and Mr. R. Marimuthu. This comprehensive audit aimed to assess various aspects related to energy consumption, environmental impact, and green initiatives across different departments and facilities within the college campus. The audit began with an evaluation of the electrical systems, including the main supply, DG (Diesel Generator), UPL (Uninterruptible Power Supply), and energy conservation practices. It encompassed sensor-based energy conservation methods and the management of e-waste generated from electrical maintenance activities. Following the electrical assessment, a thorough examination of maintenance practices was conducted. This involved the assessment of UPS (Uninterruptible Power Supply), inverter, and battery systems, as well as the maintenance of lights, fans, unitary AC systems, distribution panels, metering, earthing, EMS (Energy Management System), and DB (Distribution Board) rooms. A visit to the laboratory of the concerned department was undertaken to study chemical, salt, and acid usage, focusing on their proper handling, storage, and disposal methods. The functionality of RO (Reverse Osmosis) plants was assessed, including input-output water collection, storage, distribution, and wastewater management. The audit also reviewed records pertaining to RO plant operations. An evaluation of the transportation system was conducted, covering vehicles, fuel consumption, and pollution certification, with a focus on reducing the carbon footprint associated with transportation activities. The audit included an assessment of the drinking and general application water distribution system, examining water extraction, collection, storage, distribution, and maintenance practices. It also evaluated building-wise water storage facilities and sensor-based water level controllers. A comprehensive review of waste management practices was undertaken, encompassing the collection, segregation, storage, disposal, reuse, and recycling of various types of waste.

16th FIRST YEAR INAUGURATION CEREMONY – 2023

The inauguration of the 16th batch marks an exciting milestone in the institution's journey, symbolizing a new chapter of growth, learning, and achievement for both students and faculty alike.

Mr.Justice V.Ramasubramanian, Former Judge, Supreme Court of India Former Chief Justice, Himachal Pradesh High Court Graced the event as Chief Guest.

STUDENTS INDUCTION PROGRAM

The Student Induction Programme serves as a foundational experience for new students, providing essential information, fostering a sense of belonging, and facilitating smooth transition into academic and campus life, ensuring a positive and enriching start to their educational journey.

The graduating student must have knowledge and skills in the area of study. However, one should also have broad understanding of society and relationships. Character needs to be nurtured as an essential quality by which they would understand and fulfil responsibility as an engineer, a citizen and a human being. Besides the above, several meta-skills and underlying values are needed. One will have to work closely with the newly joined students in making them feel comfortable, reduce competition and make them work for excellence, build relations between teachers and students, give a broader view of life, and build character.

Students come with diverse thoughts, backgrounds and preparations. It is important to assist them adjust in the new environment and inculcate in them the ethos of the institution with a sense of larger purpose. Keeping the above thought in mind AICTE proposes a 3-week induction program for the UG students entering the institution before the commencement of normal classes which will start only after the induction program is over. Its purpose is to make the students feel comfortable in their new environment, set a healthy daily routine, create bonding in the batch as well as between faculty, develop awareness, sensitivity and understanding of the self, society at large, and nature. The following are the activities under the induction program in which the student should be fully and actively engaged throughout the entire duration of the program.

WOMEN EMPOWERMENT CELL

The Women Empowerment Cell plays a crucial role in advocating for gender equality, providing support, resources, and opportunities for women to thrive academically, professionally, and personally, fostering an inclusive and equitable campus environment

Women Empowerment and Gender Equality are the most important requirements for the upliftment and progress of our nation. In the effort to make RPSIT a strong kernel of gender sensitization, the Women Development Cell (WDC) was constituted in November 2017. The Cell has both the faculty and students of the College as its members and works with an aim to create a gender sensitized community within campus as well as in the society. It has been organising varied academic, technical, medical, cultural and social events for the upliftment of women and spread the real importance of gender equality in the society through College students. An International Women's Day is celebrated all over the world. Every year on 8th day of March it has been celebrated. The day also commemorates the inspiring role of women around the world to secure women's rights and build more equitable societies. Our RPSIT is having Women Empowerment cell with the name of Poovaiyar Empowerment association. The cell has been established in order to protect the women staff and students associated with the college from any sorts of injustice or sexual harassment of any nature directly and indirectly.

Objective of WDC

- ❖ To train young women to be good citizen and leaders in all walks of life.
- ❖ To develop the self-confidence of Women.
- ❖ To highlight the importance of health and hygiene.
- ❖ To create an environment for the development of women to enable them to realize their full potential.
- ❖ To organize seminars, workshops relating to women development.

SMART MINDS CHALLENGE INTER SCHOOL QUIZ COMPETITION:

Quiz events for school students play a pivotal role in fostering critical thinking, teamwork, and knowledge retention, while also igniting a passion for learning, curiosity, and intellectual exploration among participants, preparing them for academic success and lifelong learning.

Smart Mind Challenge is a Quiz competition for students of Std. XI & XII initiated by R P Sarathy Institute of Technology. We, at RPSIT believe that academic excellence alone is not enough for success in life. The students should be able to exhibit their talent and test their subject knowledge in Physics, Chemistry, Maths & Aptitude. The quiz will be a harbinger for competitive exams like JEE, NEET AIIMS etc. We also believe the students should have an exposure to aptitude and application based questions for academic excellence. This would ensure the students' overall growth. Students would also get an opportunity to improve their memory power, recalling skills and wittiness.

Smart Minds challenge 2024 conducted on 06.01.2024.

ENTREPRENEURSHIP DEVELOPMENT CELL

The Entrepreneurship Development Cell (EDC Cell) serves as a vital hub for fostering entrepreneurial mindsets, providing guidance, resources, and mentorship to empower students in turning their business ideas into successful ventures, thereby catalyzing innovation and economic growth within the institution and beyond

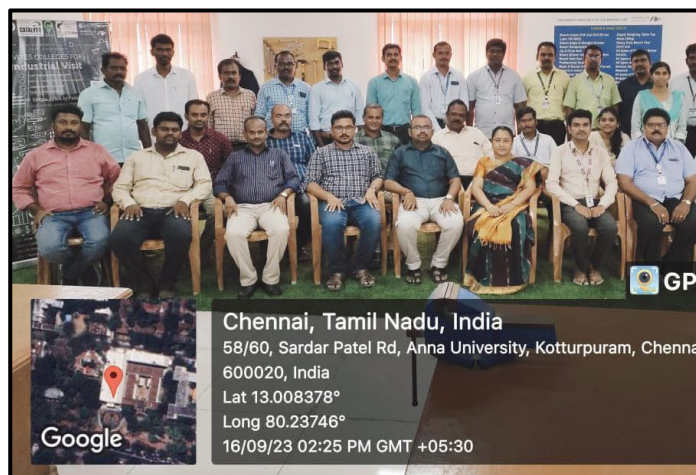

The cell undertakes several activities for student development wherein the student gets corporate exposure while studying and develops a spirit of entrepreneurship.

This enables student capability enhancement as well as their alignment with Industry. This way the EDC at one stroke creates a win-win model for students as well as Industry.

Entrepreneurship development cell bridges the gap between ideas to the market product.

Entrepreneurship development cell has taken a greater responsibility to generate the entrepreneurship skills among the students and to help them to channelize their goals to become a versatile entrepreneur.

Moreover, we also give exposure of industrial sector to curious young minds to get perfect idea of market need and requirements

SPORTS

The students who are very much engaged in sports activities have a bonding capability. Here, they have to work as a team, which teaches them how to enhance a social relationship- which is also an important parameter of life.

A sport teaches students to be emotionally strong. Most of the students often have to deal with some of the other emotional issues in their life, either at home or in school.

The skill they develop through sports helps them to accept all defeats as well as wins. Hence, students who are involved in games and sports are in a much better position to deal with tough situations.

Skills like teamwork, leadership, patience, discipline, learning from failure, Sportsmanship, etc., are developed only when children play sports regularly, and these skills are equally important when it comes to studies and management.

ENNUM EZHUTHUM

The Council of Education Research and Training's Ennum Ezhuthum 2023-24 took place from April 24-26, 2023, at R P Sarathy Institute of Technology. The event fostered discussions and insights into educational trends and innovations. Participants exchanged ideas aimed at advancing teaching and learning practices.

ENNUM EZHUTHUM:

The Ennum Ezhuthum 2023-24 government program, held from June 1st to June 3rd, 2023 at R P Sarathy Institute of Technology, aimed to promote literacy and education. INTRA DEPARTMENT PROJECT EXPO

The expo provided an interactive platform for students to engage with faculty members, industry experts, and peers, fostering knowledge sharing and networking opportunities. Visitors were impressed by the creativity, technical sophistication, and relevance of the projects showcased, highlighting the department's commitment to academic excellence and innovation.

Judges, comprising faculty members and industry professionals, evaluated the projects based on criteria such as technical innovation, feasibility, and societal impact. The rigorous evaluation process ensured that the winners were recognized for their exemplary work and contributions to the field of electronics and communication engineering.

The expo served as a catalyst for interdisciplinary collaboration, with students from different batches and specializations coming together to exchange ideas and explore potential synergies. It also provided a platform for students to gain practical experience in project management, presentation skills, and teamwork, essential for their future careers in the industry.

Overall, the Intra ECE Department Project Expo was a resounding success, reaffirming the department's position as a hub of innovation and excellence in electronics and communication engineering. Moving forward, the department aims to build upon the momentum generated by the expo and further support student-led initiatives and research endeavours, driving forward the boundaries of knowledge and technology in the field.

Staff Coordinator – Dr.J.Murugan	Designation – Assistant Professor
Department – S &H	Responsibility Taken – Speaker’s Forum”

our Speakers Forum brings together a diverse array of speakers from various fields, including academia, industry, entrepreneurship, and beyond. With a focus on sharing insights, sparking discussion, and inspiring action, each event promises to be an enriching experience for all attendees.

The “R P Sarathy Institute of Technology Speaker’s Forum” was initiated during the academic year 2023 – 2024 for encouraging our students to communicate in English inside our campus. This Forum will offer guidance and training to our students (all years and Departments) to improve their English Communication skills. In addition to this, a speech competition is conducting every-week by our program coordinator Dr.J.Murugan, Associate Professor of English, to boost the confidence of our students and to provide a platform to express their ideas in English.

Through this program, 150 students from first year alone get benefitted by having a very good fluency in English. Similarly, 75 students from second year also get benefitted by having better English oration than earlier. This innovative plan for English communication was planned by our respected pro chairman madam under the notion of eradicating the struggle in English Communication.
